

PRODUCT INFORMATION JAMES STAINWONDER

STAIN REMOVAL

Purpose

- Day-to-day stain removal on carpet and upholstery fabrics
- Removal of stains like coffee, tea, fruit, red wine and blood
- Oxidisation of colour pigments
- Encapsulation of fixed dirt and remains of old cleaning solutions

Features

- Can be used during working hours
- Causes light colouring of the skin
- Does not cause resoiling
- pH value 6,4
- Biodegradable and proudly A.I.S.E. certified

Instructions for use

- Use on a dry surface
- Apply James Stainwonder undiluted on the dry stain by holding the bottle upside down and placing the bottle opening on the stain
- James Stainwonder is effective for about 12 hours
- Leave the stain to dry and repeat the process if necessary
- James Stainwonder is also suitable for wool. It is advised to cover the treated spot with a damp cotton cloth once the stain is removed. Leave the cloth to dry
- On furniture fabrics, apply James Stainwonder on the stain and additionally on a cotton cloth with which you cover the stain. This prevents the creation of water circles

Notes

- Always test for colour fastness and material perpetuation in an inconspicuous area: apply, let it dry and evaluate
- Keep out of reach of children
- Do not mix with other products
- If the nature of the stain is unknown, first use James Stainspray before possibly applying Stainwonder

Dosage

- Undiluted

Detergent Regulation

phosphates: < 5%, BENZISOTHIAZOLINONE, METHYLSTHIAZOLINONE, perfumes, D-LIMONE
